Don't be fooled by buying BLOOMING sized bulbs as they may mean a very small bulb. Large are bulbs 1 1/4 inches in diameter, medium bulbs are 1 inch and up to 1 1/4, small are 1/2 inch up to 1 inch.

Great care is used in selecting bulbs for your orders and we try to please our customers at all times. Visitors are welcome to our gardens at any time during growing or the blooming season. We will try and help you with your problems also.

Treat all bulbs before planting. Burn all diseased bulbs. Plant on clean ground if possible. References of customers furnished upon request.

Yours for a 'glad year',

Mr. J. H. Young
